10th & 11th February, 2024

Venue :

Sri Sathya Sai Nigamagamam Hall
Srinagar Colony, Hyderabad, Telangana State, India.

Organised by:

INDIAN INSTITUTE OF HOMOEOPATHIC PHYSICIANS

Welcome to HYDERABAD

ABOUT IIHP

Indian Institute of Homoeopathic Physicians (IIHP) is one of the oldest Registered and recognized professional Organizations in India striving for the promotion and development of Homoeopathy and qualified Homoeopathic graduates for the last **75 years**. **IIHP** was in the forefront in getting recognition for Homoeopathy in India. The Organization is the brainchild of **late Padmashree Dr. K.G. Saxena and late Dr. G.L.N. Sastry** who have spent their whole life for the development and dignity of Homoeopathy in the country. Today, **IIHP** is enjoying its popularity due to sacrifices made by the promoters of this Institute.

IIHP is known for taking up issues related to Homoeopathy and its practitioners at various forums. It is also known for organizing **quality and Educative Seminars, Workshops, CME programs, webinars, CSR Programs and Health Camps** for the benefit of Homoeopathic doctors, students, and the public. Its programs are always appreciated by the Homoeopathic profession in India and abroad.

IIHP too organized **two International Seminars in Dubai** for the benefit of Homoeopathic Doctors practicing in the Middle East. These programs were well received by the participants and got appreciation and CME Credit points from Dubai Health Authorities.

IIHP has initiated a new CSR Program named **“Homoeopathic Education Quality Improvement Program (HEQIP)** in the year 2017 for the benefit of Homoeopathic student community. Under this new Program experienced academicians and clinicians from **IIHP** are regularly delivering Evidence Based Case presentations in various Homoeopathic Medical Colleges for motivating students to take up sincere Homoeopathic practice after completion of their graduation. These programs have received very good response from students and Faculty members of the Colleges and the practitioners. In addition to above achievements, on the request of **Homoeopathic Associations in Australia, Canada, the Institute had entered a MOU** with these organizations to promote Homoeopathy. **The Institute has got strong presence in USA, Canada, UAE, Oman and Malaysia. IIHP is also one of the institutional partners in LMHI.**

IIHP is regularly organizing all India Homoeopathic conferences every two years in various cities by the name **Homoeo-World-Vision**. The last one was held successfully in **Panchkula Haryana** during the month of **February 2023**. In addition to this, our state branches regularly organizing successful scientific seminars for the benefit of the Homoeopathic physicians in their region. The last one was organized by **IIHP** Telangana state branch where more than 400 delegates from Telangana participated.

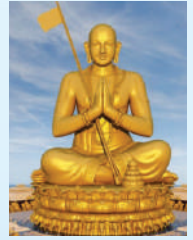

After seeing the enthusiasm and quality of the paper's presentation, some Homoeopathic Medical colleges in Telangana have requested **IIHP** to conduct a two-day national level scientific seminar that will benefit the young Homoeopaths when they enter to Homoeopathic practice. They have assured their full support for the success of the seminar if it is held in Hyderabad. Accordingly, **IIHP** has decided to organize a two-day national level seminar in **Hyderabad on 10th and 11th February 2024**.

The Hyderabad seminar will discuss and deliberate on several important topics and issues concerning Homoeopathy and its efficacy and development. It will be a game changer for the young Homoeopaths who took Homoeopathy as their career. Eminent Resource persons from all over the country will be part of this Scientific sessions who are willing to share their experiences and success stories with the participants.

Welcome to Hyderabad, the pearl and high-tech city of India. We are keen to meet you at this mega event.

PROPOSED TOPICS FOR DISCUSSION
