## ABOUT IIHP

Indian Institute of Homoeopathic Physicians (IIHP) is one of the oldest Registered and recognized professional Organizations in India striving for the promotion and development of Homoeopathy and qualified Homoeopathic graduates for the last 75 years. IIHP was in the forefront in getting recognition for Homoeopathy in India. The Organization is the brainchild of late Padmashree Dr. K.G. Saxena and late Dr. G.L.N. Sastry who have spent their whole life for the development and dignity of Homoeopathy in the country. Today, IIHP is enjoying its popularity due to sacrifices made by the promoters of this Institute.

IIHP is known for organizing quality and Educative Seminars, Workshops, CME programs, webinars, CSR Programs and Health Camps for the benefit of Homoeopathic doctors, students and public. Its programs are always appreciated by the Homoeopathic profession in India and abroad.

IIHP is also in to organizing International Seminars in other countries for the benefit of Homoeopathic Doctors practicing in those countries. These programs are well received by the participants and got appreciation and CME Credit points from their Health Authorities.

IIHP has initiated a new CSR Program named Homoeopathic Education Quality Improvement Program (HEQIP) in the year 2017 for the benefit of Homoeopathic student community. Under this new Program experienced academicians and clinicians from IIHP are regularly delivering Evidence Based Case presentations in various Homoeopathic Medical Colleges for motivating students to take up sincere Homoeopathic practice after completion of their graduation.

## ABOUT GWALIOR

Gwalior, a major city in the central Indian state of Madhya Pradesh, is a historic city that has been ruled by several Indian kingdoms. Located 343 kilometers south of Delhi, the capital city of India, and 120 kilometers from Agra, Gwalior occupies a strategic location in the Gird region of India. The city is known for its rich history, reflected most famously in its fort, but also in the architecture of other buildings.

Gwalior's history dates back to the 10th century, with the Kachchhapaghatas being the earliest known rulers. The city was later passed on to the Tomars in the 13th century, the Mughal Empire, the Maratha in 1754, and finally the Scindia Dynasty of the Maratha Empire in the 18th century.

The city is also known as a center of Indian classical music, art, and literature. It has a rich cultural heritage and has been home to many notable people. The city's metropolitan area includes Gwalior City Center, Morar Cantonment, Lashkar-Gwalior (Lashkar Subcity), Maharaj Bada, Phool Bagh and Thatipur.

In addition to its cultural and historical significance, Gwalior is also an important industrial and political center. It was the winter capital of the state of Madhya Bharat, which later became a part of the larger state of Madhya Pradesh. Today, Gwalior is home to many administrative offices of the Chambal division of northern Madhya Pradesh.

Despite its bustling city life, Gwalior has not lost touch with its past. The city's historic rock fortress forms the center of the city and is a popular tourist attraction. Other attractions include the Jai Vilas Palace, the Sasbahu Temple and the Jhansi Ki Rani monument.
